Subject: Fifth Review of Notice of Intention to Commence Large Mining
Operations, Lakeview Rock Products, Beck Street Quarry, M/035/020, Salt
Lake County, Utah

Dear Mr. Larson:

The Division has completed a review of your September 23, 2005 response to the Division's fourth technical review sent to you on August 23, 2005, for the Beck Street Quarry. After reviewing the information, the Division has the following comments which need to be addressed before tentative approval may be granted.

The comments are listed below under the applicable Minerals Rule heading. Send replacement pages of the original notice **using redline and strikeout text** and indicate how these are to be incorporated into the current approved plan using the attached Form-MR-REV-att. After the notice is determined technically complete and we are prepared to issue final approval, we will ask that you send us two clean copies of the complete and corrected plan. Please provide a response to this review by January 11, 2006. After tentative approval is issued, the Division will review the Thomas Pit amendment.

The Division will suspend further review of the Beck Street Quarry Notice of Intention until your response to this letter is received. If you have any questions in this regard please contact me, Tom Munson, Paul Baker or Doug Jensen of the Minerals Staff. A meeting to discuss the responses to this review may help to

expedite the approval process so the Division can begin reviewing the Thomas Pit amendment. Thank you for your cooperation in completing this permitting action.

Sincerely,

for Susan M. White
Mining Program Coordinator
Minerals Regulatory Program
